# Non-Emergency Medical Transportation

The following information is about non-emergency medical transportation. If you have a medical emergency, you should call 911.

Non-emergency medical transportation is a public transportation and shared ride service. Rides can include public transportation (such as a city bus), rides in specialized medical vehicles, or rides in other types of vehicles depending on your medical and transportation needs. If public transportation is not available, you will not be required to take it.

Medical Transportation Management, Inc. (MTM, Inc.), is the transportation manager for BadgerCare Plus and Wisconsin Medicaid. MTM, Inc., schedules and pays for rides to BadgerCare Plus- and Medicaid-covered health care services.

You are able to get a ride to your BadgerCare Plus- or Medicaid-covered health care service if you have no other way to get to your appointment and you are enrolled in one of the following programs:

- BadgerCare Plus
- Wisconsin Medicaid (including IRIS)
- Family Planning Only Services
- Tuberculosis-Related Medicaid

If you are enrolled in Family Care, Family Care Partnership, or PACE, you will receive your rides through your managed care organization. If you reside in a nursing home, contact the nursing home regarding your transportation.

---

**NOTE:** MTM, Inc., is required to follow federal and state law and can only schedule and pay for rides if you are not able to get a free ride.

---

## Mileage Reimbursement (Gas Payment)

If you have a car and are able to drive yourself to your appointment but cannot afford to pay for gas, you may be able to be reimbursed for gas. Contact MTM, Inc., before you go to your appointment to see if you can be reimbursed for mileage.

## Meals and Lodging

You may be able to get help paying for meals and overnight stays. BadgerCare Plus and Wisconsin Medicaid have rules for when members can get payment for meals and overnight stays when traveling by non-emergency medical transportation to BadgerCare Plus- and Medicaid-covered services.

## Schedule a Ride

You must schedule routine rides at least two business days before your appointment. You can schedule a routine ride by calling 866-907-1493 (voice) or 711 (TTY) Monday through Friday from 7 a.m. until 6 p.m. or online at [www.mtm-inc.net/wisconsin](http://www.mtm-inc.net/wisconsin).

If you do not schedule a routine ride two business days before an appointment, you may not be able to get a ride, and you will need to reschedule your appointment. Holidays and weekends are not counted as business days. Business days include the day that you schedule the appointment but not the day of your appointment.

---

**NOTE:** MTM, Inc., is only able to pay for rides for BadgerCare Plus or Medicaid members and one adult if the member is a child or provides documentation of needing assistance.

---

When you call to schedule a ride, you should have the following information available:

- Your name, home address, and phone number
- Your ForwardHealth member number (which is the 10 numbers listed on your ForwardHealth card)
- The street address and phone number of where you want to be picked up
- The name, phone number, address, and zip code of the health care provider you are seeing
- The date and start time of your appointment
- The end time of your appointment if you know it
- Any special ride needs, including if you need someone to ride with you
- General reason for the appointment (for example, checkup or eye appointment)

## Non-Emergency Medical Transportation

---

**NOTE:** MTM, Inc., can also provide transportation to urgent appointments within three hours. Verification may be required.

---

For more information about scheduling rides; meals and lodging; new rules; or complaints, denied transportation, or fair hearings:

- Contact MTM, Inc., at 866-907-1493 (voice), 711 (TTY), or [www.mtm-inc.net/wisconsin](http://www.mtm-inc.net/wisconsin).
- Go to [www.dhs.wisconsin.gov/nemt/index.htm](http://www.dhs.wisconsin.gov/nemt/index.htm).
- Call Member Services at 800-362-3002.
